E-SHRAM PORTAL - NATIONAL DATABASE OF UNORGANISED WORKERS (NDUW)

SUPPLEMENTARY REFERENCE - Compiled from Official Government Portals (November 2026)

Ministry of Labour and Employment, Government of India | Level: Central | Category: Labour Welfare & Social Security

Official Portal: https://eshram.gov.in

1. Overview & Objectives

e-Shram is the first-ever National Database of Unorganised Workers (NDUW) created to identify, register, and deliver social security benefits to unorganised workers across India. Enrolled workers are issued a 12-digit Universal Account Number (UAN) e-Shram card that is recognized nationwide.

2. Benefits to Registered Workers

- Accidental Insurance Cover under PMSBY: Rs 2,00,000 on accidental death or permanent total disability; Rs 1,00,000 on partial disability.
- Seamless portability of social security welfare benefits during interstate migration.
- Direct cash assistance during national pandemics / disasters (as seen during COVID-19 relief).
- Priority integration with social security schemes like PM-SYM, PM-JAY, and National Apprenticeship Promotion.

3. Eligibility Criteria

- Occupation: Any unorganised worker (construction worker, migrant worker, gig & platform worker, street vendor, domestic worker, agriculture worker, auto/cab driver, fisherfolk, brick kiln worker).
- Age Limit: Between 16 and 59 years of age.
- Exclusion: Must NOT be an active member of EPFO (Employees' Provident Fund) or ESIC (Employees' State Insurance).
- Exclusion: Must NOT be an Income Tax payer.

4. Required Documents Checklist

1. Aadhaar Number (Mandatory: Aadhaar must be linked to active mobile number for OTP).
2. Active Bank Account details (Account Number, Bank Name, and IFSC).
3. Mobile number.
4. Occupation details (Primary and secondary occupation code as per National Classification of Occupations NCO).

5. Self-Registration & Card Download Procedure

Step 1: Open https://eshram.gov.in and click 'Register on e-Shram'.
Step 2: Enter Aadhaar-linked mobile number and captcha, submit OTP.
Step 3: Authenticate identity using Aadhaar e-KYC (OTP, fingerprint, or iris scan).
Step 4: Verify pre-filled demographic details from UIDAI.
Step 5: Fill residential address, educational qualification, occupation/skill, and bank account details.
Step 6: Preview summary and submit. The 12-digit UAN Card is generated instantly and can be downloaded or printed for free.
